About FABA:

The Federation of Asian Biotech Associations (FABA) is a non-profit organization established in 2005 for providing a platform for academy, industry, and government bodies. FABA has launched the FABA academy to bridge the gap between academy and industry in human resources development by providing professional development programs to science graduates.

About BDMA:

BDMA, also known as the Bulk Drug Manufacturers Association, is an organization that aims to support and represent the collective opinion of its members in the formulation and implementation of legislative measures by government authorities or regulators that affect the Bulk Drug sector. BDMA strives to create an environment that promotes discussion, collaboration, and growth within the Bulk Drug industry.

About RxCella:

RxCella is a Pharma & Biopharma Learning Academy that provides impactful training for the pharmaceutical and biopharmaceutical industries. They specialize in various areas including investigation and report writing, reducing human errors, audit facing and auditing, technical writing, technical document review, and quality management systems. They also offer training in aseptic behavior, orientation for freshers or parallel hires from non-pharma backgrounds, GMP, GDP, and data integrity. Additionally, they provide training in leadership skills, time and stress management, and various other topics. They have conducted over 100 workshops and delivered lectures at prestigious institutes such as IITs, NITs, AIIMS, NIPER, and others.

Speaker:

Mr. Bedadyuti Chakraborty, presently serves as the Director of RxCella and possesses 26 years of industrial experience in diverse areas such as Pharma/Biopharma R&D, Production, Quality, and Training. He is presently the learning partner for well-known Pharma/Biopharma companies like Dr. Reddy's, Serum Institute of India, Biological E, Mankind Pharma, Aizant, Piramal, and Syngene International, etc. His profound knowledge, exceptional content development skills, and excellent training ability have earned him top ratings from the trainees.

Testimonials

" More such training sessions should be conducted in order to have a constant touch on all the aspects of learning, training, and error reduction. I have learnt lot many aspects from this session regarding the error reduction with all the actual case studies in our organization. I would like to thank Beda Sir for taking such a inspiring and wonderful session " *-a participant from Serum Institute.*

"Overall great experience sir, these two days i will never forget in my career. So much learning through very layman language. Excellent " *-a participant from Syngene*

"Excellent sir, I have attended many trainings in my Carrier but never seen trainer like you, the way of delivering was fantastic, keep it up." *-a participant from Piramal*
