

31st May 2025

Dr. Rajeev Singh Raghuvarshi
Drugs Controller General (India)
O/o Central Drugs Standards Control Organization
New Delhi

Dear Sir,

Greetings from BDMAI!

Sub: Renewal of Written Confirmation for European union- Request for Interactive meeting regarding.

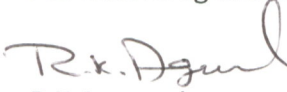

Written confirmation document is an essential document for exporting API's to European Union. Most of our members export the API's to European countries & need to go through renewal process. Many of our members have expressed the need for more interaction about the documentation required and procedures followed for its renewal to avoid delays in its renewal process. As expiry of validity of this document effects the Clearance process at the destination port & leads to incur Demurrages, a robust mechanism and better understanding of procedures is required to ensure that renewed document is received well before the expiry of validity.

In view of this, it is requested a senior officer be deputed for an interactive session with our member Industries & Zonal officers of CDSCO Hyderabad on any convenient day within coming fortnight.

We request for your co-operation and confirmation of schedule.

With Kind Regards,

For Bulk Drug Manufacturers Association (I)

R K: Agrawal
National President
