**Subject:** Roundtable - Lalitpur Pharma Park & Pharma Investment Opportunities in Uttar Pradesh  
(Hyderabad Visit: 5-7 January)

Dear Sir,

Uttar Pradesh is rapidly strengthening its footprint in the pharmaceutical and life sciences sector, supported by progressive policies, creation of world-class infrastructure, and a proactive, investor-centric governance framework. In line with this vision, the Government of Uttar Pradesh is keen to engage with leading pharmaceutical and life-sciences companies to explore strategic investment opportunities in the State.

One of our flagship initiatives, **Lalitpur Pharma Park**, presents a strong and competitive value proposition for **API, formulations, bulk drugs, intermediates, and allied industries**. The Park offers:

- **Plug-and-play industrial infrastructure**, including ZLD systems, solvent recovery units, CETP, advanced laboratory and testing facilities, logistics and warehousing zones, and a dedicated power sub-station.
- **Excellent multimodal connectivity** through NH-44, the proposed Jhansi Airport (approx. 45 km), and major railway corridors, along with assured water availability and reliable power from nearby thermal and solar plants.
- **A central location in India**, enabling efficient pan-India market access and reduced logistics costs compared to western corridors such as Dahej.
- **Availability of skilled and cost-effective technical manpower** to support large-scale pharma operations.
- **Attractive fiscal and non-fiscal incentives** under the Uttar Pradesh Pharmaceutical & Medical Devices Policy, IIEPP-2022, and FDI/Fortune 500 Policies.

The Government of Uttar Pradesh also provides **end-to-end facilitation** to investors, including land allocation support, regulatory handholding, single-window clearances, and customized infrastructure planning for anchor units. In this context, we would like to inform you that a delegation led by me and senior officials along with the Invest UP team, will be visiting Hyderabad from 5<sup>th</sup> to 7<sup>th</sup> January 2026. In this context, we would highly value BDMAI's support in facilitating a focused investor roundtable with leading pharmaceutical companies during our visit to Hyderabad on 5-7 January. Such an interaction would provide an effective platform to present the investment proposition of Lalitpur Pharma Park, understand industry perspectives, and explore potential areas of collaboration. We would be grateful if BDMAI could advise on the format and assist in mobilizing suitable member companies for this engagement. Invest UP and the Government of Uttar Pradesh would be pleased to work closely with BDMAI to jointly curate and conduct this roundtable at a mutually convenient time and venue.
