**Circular No. BDMA/078//2026**

**Date: 28th July 2026**

### **URGENT & IMPORTANT**

**Dear Sir,**

**Sub: Public Notice by HMDA dated 26<sup>th</sup> July 2026 seeking objections for the conversion of Industrial lands into Multi-use Zones under HILT Policy dated 25.11.2025.**

We refer to our [circular](#) dated 12.6.2026, wherein we have informed the members about Hyderabad Industrial Land Transformation (HILT) Policy of Telangana dated 25.11.2025, BDMAI's representation to the Government and its proposal to file a Writ Petition in the Hon'ble High Court of Telangana.

In this connection, we would like to further update on the subject, as follows:

- a) BDMAI filed a Writ Petition and it is posted for hearing on 11.8.2026
- b) Meanwhile, HMDA issued a Public Notice on 26.7.2026 (copy enclosed) proposing to amend its Master Zoning Plan by converting 22 industrial zones into Multi-use Zones and asking the affected entities/persons to file their objections within 7 days, i.e. before 2<sup>nd</sup> August 2026
- c) As already explained, conversion of industrial lands into multi-use zones will have severe impact on the bulk drug units in all the 22 industrial areas.
- d) BDAMI is filing its objections on behalf of all its members.
- e) All the member industries, who are affected by this policy, are requested to file their objections, without fail, on or before 2<sup>nd</sup> August 2026.
- f) A draft letter is enclosed for reference. Members may go through the same, provide the data pertaining to their units, make any changes required and print it on their Company Letter Heads, sign and stamp.

g) The physical copy of the letter is to be submitted to the following persons:

- 1) Sri Jayesh Ranjan, IAS  
Spl. Chief Secretary MA & UD and Spl. Officer HMDA Limits  
3rd floor, Room No.24, B R Ambedkar Talangana State Secretariat

Dear Sir,

Sub: Objections to the Public Notice dated 26th July 2026 issued by HMDA proposing  
conversion of Industrial Zones into Multi-use Zones under HILT Policy of Government

Ref: Public Notice issued by HMDA on 26th July 2026.

We refer to the Public Notice dated 26 July 2026 issued by the Hyderabad Metropolitan Development Authority (HMDA) inviting objections and suggestions on the proposed conversion of industrial lands into Multi-Use Zones. In this connection, we hereby submit our objections to the proposed conversion of the industrial areas identified under G.O. Ms. No. 27 dated 22 November 2025, on the following grounds:

Our company has ..... units situated at the following locations:

| Sl. No. | Name of Industrial Area | No. of Units | Year of Establishment |
|---------|-------------------------|--------------|-----------------------|
|         |                         |              |                       |
|         |                         |              |                       |

We are engaged in the manufacture of Active Pharmaceutical Ingredients (APIs), Pharmaceutical Intermediates, and allied pharmaceutical products in the above manufacturing units. These facilities have been established after substantial investments and have been operating in compliance with all applicable statutory and regulatory requirements.

Our manufacturing units are located in duly designated Red Category Industrial Zones and were established only after obtaining the requisite Environmental Clearances (EC) from the Ministry of Environment, Forest and Climate Change, Government of India. Based on these clearances, we have obtained and continue to maintain valid Consent for Establishment (CFE) and Consent for Operation (CFO) from the Telangana Pollution Control Board, in addition to various approvals from CDSCO, the State Drug Control Administration and other regulatory authorities.

This initiative by the Government of Telangana, HMDA and Industries department is indirectly pushing the Chemicals and pharmaceutical Industries out of Business by permitting multi use of the land. It may be noted that when land was sold by APIIC/ TGIIC It was never envisaged that land would be converted for multiuse and thus it is breach of contract between developing agencies and the Enterprises which are operating their businesses on the land allotted and purchased by them.

If the above industrial areas are converted, either wholly or partially, into Multi-Use Zones, continuation of manufacturing activities at the existing locations would become legally and practically impossible. Consequently, all statutory approvals, including Environmental Clearances, Pollution Control Board consents, manufacturing licences and various domestic and international regulatory approvals, which are unit-specific, would become invalid or require fresh approvals, rendering the existing manufacturing facilities unviable.

The products manufactured by us are essential raw materials for the manufacture of life-saving and other critical pharmaceutical formulations. Any disruption in the production and supply of these products would adversely impact the pharmaceutical supply chain and, consequently, the healthcare system of the country.

In addition to catering to the domestic market, we export our products to \_\_\_\_\_ countries, including highly regulated markets such as the United States, Europe, Japan, South Korea, South Africa and several other countries. Obtaining and maintaining approvals from these regulatory authorities involves substantial investments and continuous compliance over several years. Since these approvals are granted for specific manufacturing sites, any relocation resulting from the proposed land-use conversion would invalidate such approvals.

It typically takes five to seven years, besides enormous financial investments, to obtain approvals from international regulatory agencies. Loss of these approvals would stop our export business, result in loss of market access, and permanently disrupt long-established customer relationships and global supply chains.

Our company provides direct and indirect employment to more than \_\_\_\_\_ persons. We also contribute significantly to the State economy by paying approximately Rs. \_\_\_\_\_ lakh per annum towards various direct and indirect taxes.

The proposed conversion of industrial areas into Multi-Use Zones would have far-reaching consequences extending well beyond individual industries. It would adversely impact Telangana's pharmaceutical manufacturing ecosystem, India's position as a reliable global supplier of APIs and pharmaceutical intermediates, employment generation, foreign exchange earnings, investor confidence, and the continuity of global pharmaceutical supply chains.

In view of the above, we respectfully request the Government to reconsider the proposed conversion of the existing industrial areas into Multi-Use Zones. Alternatively, before implementing the HILT Policy, the Government may first identify and develop suitable alternative industrial parks with all necessary environmental clearances, common infrastructure and statutory approvals, and provide adequate time for industries to relocate without disrupting their manufacturing operations, in line with the assurances contained in G.O. Ms. No. 4 dated 20 January 2018 and G.O. Ms. No. 45 dated 30 July 2018.

We therefore request that the existing notified industrial areas be retained exclusively for industrial use and excluded from the proposed conversion

Thanking you,

Yours sincerely,
