Circular No.018/2025

Date:3rd April 2025

Nomination for Internal Committees of BDMAI

As you are aware, the pharmaceutical sector is a dynamic and technology-driven industry. Consequently, changes in policies, regulations, and our interactions with relevant Government departments to find mutually beneficial solutions are an ongoing process. Additionally, various departments of the Government of India and the States often seek information from the industry to shape policies that promote its development and welfare.

While BDMAI is able to provide valuable inputs, thanks to the support of a few of our members, there are instances where we face challenges in responding to certain queries due to the specialized knowledge required in some areas.

In light of this, we propose the formation of the following Internal Committees:

Regulatory Committee – To provide inputs on domestic and international regulatory issues.

EHS Committee – To provide inputs on Environmental and Safety-related matters.

Commercial Committee – To provide inputs on topics such as DGFT, Customs, Logistics, Union Budgets, etc.

Exports Committee – To provide inputs on export-related matters.

We kindly request that members nominate senior executives from your companies to join these Committees. Please submit nominations using the following format:

Sl. No.	Name of the Company	Name(s) of the Executives	E-mail	Mobile	Name(s) of the Committees

We are confident that the collective views and expertise of our members will strengthen our position and benefit the industry as a whole. We therefore request you to actively participate by nominating suitable experts for these Committees.

Thank you for your continued support, and we look forward to your active participation.

Yours sincerely

M Roja Rani
Executive Director
